Note : 1.The women welfare service contents included the data from other departments from 2015 to the first half of 2018 , and since the second half of 2018 its range turned to calculate those women welfare services held by Department of Social Welfare , Taoyuan City Gov, which included self sponsored, commissioned or subsidized publicly or privately owned organizations, so there was no year-round data in 2018.

2.From 2014 to 2018, the number of institutions of welfare service centers included family service centers of each district, and since 2019 its range turned to calculate the institutions whose main service groups were women.

3.The format of this table has changed because the format of the statement was modified in 2017.

4.The data of new resident family welfare services has not been calculated by Department of Statistics, Ministry of Health and Welfare since 2023, thus the table excluded the continued table and its fields.

5.Significant increase in 2025 "Others" due to new services, including Menstrual Diversity Support Service, HERWAY TAOYUAN, Maternity Taxi Consultation.
