Note : 1. The data of counselling of law and consulting assistance included the data from Department of Legal Affairs, Taoyuan City Gov and Legal Clinic Center of each district in 2013. The women welfare service contents included the data from other departments from 2015 to the first half of 2018, and since the second half of 2018 its range turned to calculate those women welfare services held by Department of Social Welfare, Taoyuan City Gov, which included self sponsored, commissioned or subsidized publicly or privately owned organizations, so there was no year-round data in 2018.

2. From 2014 to 2018, the number of institutions of welfare service centers included family service centers of each district, and since 2019 its range turned to calculate the institutions whose main service groups were women.

3. The format of this table has changed because the format of the statement was modified in 2014 and 2017.
